

Booting your PC in Safe Mode

Windows Vista

Step 1:

In order to enter in safe mode with Windows Vista, reboot the PC. As the computer is booting press the **F8 key** on your keyboard to bring up the “**Windows Advanced Options Menu**”. Use the **arrow keys** on your keyboard to move onto **Safe Mode with Networking** and press the **ENTER** key.

```
Advanced Boot Options

Choose Advanced Options for: Microsoft Windows Vista
(Use the arrow keys to highlight your choice.)

Safe Mode
Safe Mode with Networking
Safe Mode with Command Prompt

Enable Boot Logging
Enable low-resolution video (640x480)
Last Known Good Configuration (advanced)
Directory Services Restore Mode
Debugging Mode
